

Mountain View Ave. Sewer Main Replacement (Petaluma Blvd. South to Purrington Rd.)

Water Resources and Conservation

Providing Responsible and Creative Stewardship of Our Water Resources

Project Number C66401005

Project Description

The project involves removal and replacement of approximately 3,600 linear feet of the 12 inch and 8 inch sewer trunk mains on Mountain View Avenue from Petaluma Boulevard South to Phillips Avenue and rehab lining of approximately 1,600 linear feet of 8 inch and 6 inch sewer mains from Phillips Avenue to Purrington Road . When completed the project will reduce groundwater inflow and infiltration into the City's sewer system.

The improvements include:

Removal and replacement, and lining of the sewer Main, and removal and replacement of manholes.
